

# TEAM TRENT SPONSORSHIP FORM

Science of Speed is honored to announce that the Trent 10k will return for its 14th year in honor of Trent McElroy, his family, and the many families in our community who have experienced and will experience the impacts of childhood cancer.

Trent's greatest wish was to support children who are valiantly fighting the same battle he fought, and we look forward to continuing to carry that torch with your support.

In 2025, proceeds will go to two local non-profit organizations that provide care for children and families impacted by pediatric cancer. Trent's Touch was founded in 2014 to honor Trent McElroy, who heroically battled a rare skeletomuscular cancer known as rhabdomyosarcoma. Since its inception, the mission of Trent's Touch has been to bring hope to families of children with cancer. This hope comes by providing financial support to help defer the exorbitant treatment costs. In September 2019, Katelyn Irwin began "Be Bold Go Gold" to raise awareness for pediatric cancer and funds to help support research, families, and local Tallahassee nonprofits. Since then, many events have been held to bring awareness, and over \$100,000 has been raised. Since then, "Be Bold, Go Gold" has grown into a non-profit, The Ripple Project, furthering the goal to raise funds for children, families, and pediatric cancer research.
